TAKE IT HOME!

So, you thought a **sponge** was just a boring home-cleaning tool?

Think again. These **eco-friendly** sponges from **Twist** not only look fashionable, but they're biodegradable. They come in luffas, smaller, superabsorbent sponges and larger cloths, one of which does the job of 17 rolls of paper towels.

Find them at the central Wild Oats location, 3360 E. Speedway, for \$3.99 and \$4.99.
